# IMPORTANT: KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE

Read these instructions carefully. Your child's safety may be affected if you do not follow these instructions user guide

Thank you for choosing a Cosatto product. Please take a little time to read the important safety notes detailed below. This will ensure many years of happy, safe use.

This instruction manual should be kept in a safe place. There is a pocket at the rear of the Hold child car seat for storage of the instruction manuals.

This product is only compatible with Hold car seat (sold separately). When car seat is used in conjunction with the Hold car seat (sold separately), this product does not replace a cot or a bed. Should your child need to sleep, then it should be placed in suitable cot, bed or carry cot.

## safety: take note

### WARNING: A CHILDS SAFETY IS YOUR RESPONSIBILITY

- When fitted with the Hold car seat, this combination has been approved for mass group 0+ which is suitable for transportation in cars of children from birth up to 13kg (approximately 15 months old).

### WARNING: After an accident the child car seat & base should be replaced.

### WARNING: NEVER use this child car seat base on side facing vehicle seat.

### WARNING: NEVER use this child car seat base on passenger seat fitted with active airbag.

### WARNING: NEVER leave your child unattended, even for the shortest time.

### WARNING: ALWAYS secure your child with the safety harness when using the child car seat.

### WARNING: DO NOT attempt to dismantle, modify or add to any part of the child car seat base.

### WARNING: Any rigid items and plastic parts of the child car seat base must be so located and installed that they are not liable, during everyday use of the vehicle, to become trapped by a movable seat or in a door of vehicle.

### • WARNING: If any load bearing points other than those described in the instructions are used, this can significantly reduce the protection factor of the child car seat base.

### • WARNING: DO NOT use the child car seat base in the home. It has not been designed for home use and should only be used in your car.

- The child car seat must always be placed and secured with the support leg in front.
- Always make sure that the child car seat harness is correctly tensioned and not twisted to ensure maximum protection for your child.

• The child car seat buckle has been designed to be released quickly in an emergency. IT IS NOT CHILD PROOF. More inquisitive children might learn to undo the buckle. Children should be told never to play with it or any other part of the child car seat.

- Never use replacement parts other than those approved by Cosatto.
- Safely secure any luggage and other objects that might cause injury to the occupant of the child car seat & base in the event of a crash.

• Do not place anything such as a towel or cushion under the child car seat base. This could affect the performance of the child car seat base in an accident.

- Do not place any objects in the foot well in front of the Hold car seat base.

• Cosatto advise that child car seats or base should not be brought or sold second-hand. Many seats sold through local advertising and car-boot sales have been found to be dangerous.

• Cover the child car seat base if it is left in direct sun light for prolonged period as the child car seat base surfaces may get very hot. Check the child car seat base surface before placing your child in the seat.

• Security is only guaranteed if the child car seat is fitted in accordance with these instructions.

- Do not allow children to play with or adjust the car seat base.

• Failure to comply with the above instructions will automatically void the warranty and exempt Cosatto from any liability.

• NOTE: The car seat base can mark vehicle seat upholstery. Cosatto cannot be held responsible for damage or marking to vehicle seat upholstery.

When fitted to vehicle seat, check the fitting child car seat base regularly to ensure the fitting is secured and the child car seat harness are not obstructed or twisted.

DO NOT take apart, or attempt to take apart the car seat base when cleaning. It is unnecessary and dangerous to do so.

### cleaning

Plastic and metal parts may be sponged clean with warm water and a mild detergent.

Never clean with abrasive, ammonia based, bleach based or spirit type cleaners.

### notice:

1. This is an ISOFIX CHILD RESTRAINT SYSTEM. It is approved to Regulation No. 44, 04 series of amendments for general use in vehicles fitted with ISOFIX anchorages systems.

2. It will fit vehicles with positions approved as ISOFIX positions (as detailed in the vehicle handbook), depending on the category of the child seat and of the fixture.

It is recommended to check that the child restraint is compatible with the intended vehicle at the time of purchase.

Please refer to the vehicle list at the back of the instruction manual, Cosatto fit checker app (<http://cosat.to/fitchecker>) or the vehicle fitting list section on the website (<http://cosat.to/holdbasevl>).

3. When fitted with the hold car seat, the mass group and the ISOFIX size class for which this device is intended is: Group 0+ (0 - 13kg), Class E.

4. Never use this child car seat on passenger seat fitted with active airbag.

5. If in doubt, consult either the child restraint manufacturer or retailer.

### care

Your child car seat base has been designed to meet safety standards and with correct use and maintenance will give many years of trouble free performance.

Storing a damp child car seat base will encourage mildew to form.

After exposure to damp conditions, dry off with a soft cloth and allow to dry thoroughly before storing.

Store your child car seat base in a dry, safe place.

Leaving the child car seat in sunlight for prolonged periods may cause fabrics to fade.

### maintenance

Inspect the child car seat base regularly for signs of damage- stop using the product if any of the component have become damaged.

When fitted to vehicle seat, check the fitting child car seat base regularly to ensure the fitting is secured and the child car seat harness are not obstructed or twisted.

DO NOT take apart, or attempt to take apart the car seat base when cleaning. It is unnecessary and dangerous to do so.

### cleaning

Push the child car seat base towards the vehicle seat back until the child car seat base is locked firmly against vehicle the seat back (a).

Pull the child car seat base back slightly to ensure it's correctly secure (b).

### operation:

#### 1 - getting to know your child car seat base

- Child car seat base
- ISOFIX connector arms
- ISOFIX connection indicator
- ISOFIX adjustment button
- Secondary lock release lever
- Child car seat release handle
- Child car seat connection indicator
- Support leg
- Support leg adjuster button
- Support leg pressure indicator
- Shell connection bars
- ISOFIX guides

#### 2 - preparing the child car seat base for fitting

**WARNING: Ensure that your vehicle has ISOFIX anchor points. Refer to the vehicle list in these instructions for information of where the child car seat base will fit in your vehicle.**

With the child car seat handle in the carrying position place the child car seat, rearward facing, on the child car seat base. The sides of the child car seat fit into the slots on either side of the child car seat base (a & b).

Push down on the child car seat until the two securing rods are engaged (c) and the child car seat connection indicator has turned from red to green (d).

5. If in doubt, consult either the child restraint manufacturer or retailer.

#### care

Lift the car seat slightly to ensure both securing rods are engaged.

#### 3 - fitting the child car seat base - 1

Place the child car seat base on the vehicle seat. Pinch the adjustment buttons (a) on each side of the child car seat base and slide out the connector arms (b&c) as far as they will go.

Slide the secondary lock release lever (a) and the child car seat release handle (b) simultaneously then lift the child car seat off the child car seat base (c).

#### 4 - fitting the child car seat base - 2

Push the ISOFIX connector arms onto the vehicle ISOFIX anchor points (a).

Push the back of the adjustment buttons (b) toward the ISOFIX anchor points until both connector arms (b&c) back into the child car seat base.

The child car seat base can now be removed from the vehicle seat (c).

The telescopic support leg can be collapsed and folded under the child car seat base for storage purpose (d).

#### 5 - fitting the child car seat base - 3

Push the child car seat base towards the vehicle seat back until the child car seat base is locked firmly against vehicle the seat back (a).

Pull the child car seat base back slightly to ensure it's correctly secure (b).

#### 6 - extending the support leg

Push the support leg adjuster button (a) and extend the support leg so that it makes firm contact with the vehicle floor (b). The two pressure indicators at the base of the support leg will turn from red to green on correct contact with the vehicle floor (c).

### Vehicle fitting list: Rearward facing, fitted using the ISOFIX low anchorage points with support-leg only.

- \*For seating positions for other fitting options, please refer to the Cosatto fit checker app (<http://cosat.to/fitchecker>) or the vehicle fitting list section on the website (<http://cosat.to/holdbasevl>).
- The numbers in the vehicle diagram below correspond with the seat positions listed in the vehicle fitting list.

- If the child restraint can be fitted, the suitable seat position(s) is marked with a green circle.
- If the child restraint cannot be fitted, the suitable seat position(s) is marked with a red circle.
- Electric or hybrid vehicles are marked with a lightning bolt icon.
- i-Size vehicles are marked with a car icon.
- Vehicles with under-floor storage compartment(s) is marked with a blue SBI icon. Please consult the vehicle's handbook prior to fitting this child restraint in these vehicles.
- Vehicles with a cabin roof height which could restrict the child restraint from being installed forward facing are marked with a blue exclamation mark icon.
- If your vehicle is not listed in this list or it is not marked with either a green circle or a red circle, then please refer to the vehicle's handbook or contact Cosatto or retailer for further information.
- Seat positions in other vehicles may also be suitable to accept the child restraint. If in doubt, consult either Cosatto or the retailer.

- Prior to purchase the vehicle, check that it is equipped with the appropriate anchorages.
- ALWAYS give priority to the rear vehicle seats.  
DO NOT fit the child restraint onto a vehicle seat fitted with an airbag, unless it can be, and is deactivated. Death or serious injuries can be caused by an activated AIRBAG system.

- This vehicle fitting list was carefully prepared using scientific data collected from both vehicle and child restraint. Cosatto accepts no liability whatsoever with regards to any inaccuracies of the list, which is intended for guidance purposes only.
- It is recommended to check that the child restraint is compatible with the intended vehicle at the time of purchase.

## E IMPORTANTE: CONSERVE ESTAS INSTRUCCIONES PARA FUTURA REFERENCIA

**Lea detenidamente estas instrucciones. La seguridad de su hijo podría verse afectada si no sigue estas instrucciones guía del usuario**

Gracias por escoger un producto Cosatto. Le recomendamos que lea atentamente las notas importantes relativas a la seguridad descritas a continuación. Esto le garantizará un uso seguro y duradero del producto.

Guarde el manual de instrucciones junto a la base del asiento para coches, en un lugar seguro y durante la totalidad de su vida útil; en la parte posterior del asiento para coches encontrará un compartimiento para guardar el manual de instrucciones.

Este producto es compatible únicamente con el asiento para coches Hold (vendido por separado).

Aunque el asiento de niñas para coches se utilice en combinación con el asiento para coches Hold (vendido por separado), ello no significará que el producto sustituya a una cuna o cama. Si su hijo necesita dormir, colóquelo en una cuna, cama o capazo adecuados.

**seguir: le rogamos tenga en cuenta lo siguiente**

**ADVERTENCIA: LA SEGURIDAD DE SU HIJO ES RESPONSABILIDAD SUYA**

• La combinación de este producto instalado con el asiento para coches Hold ha sido aprobada para niños de a partir de 0 años, lo que lo convierte en adecuado para el transporte de niños en coches desde su nacimiento hasta que alcancen 13 Kg. de peso (lo que aproximadamente equivale a 15 meses de edad).

**ADVERTENCIA: Despu  s de un accidente, la base y el asiento para coches deber  n reemplazarse.**

**ADVERTENCIA: No use NUNCA esta base de asiento de ni  os para coches en posici  n lateral, orientada hacia el cintur  n de seguridad.**

**ADVERTENCIA: No use NUNCA esta base de asiento de ni  os para coches en un asiento de pasajeros que est  e equipado con un air bag activado.**

**ADVERTENCIA: Aseg  rese de que el ni  o est  e SIEMPRE y en todo momento bajo supervisi  n de un adulto.**

**ADVERTENCIA: Asegure SIEMPRE a su hijo al asiento para coches utilizando el arn  s de seguridad.**

**• ADVERTENCIA: NO intente desmontar, modificar ni añadir partes ni piezas a esta base de asiento para coches, as   como tampoco cambiar el modo en que se utilizan y han sido fabricados los cin turones de seguridad de su v  ehículo.**

**• ADVERTENCIA: Cualquier elemento r  ido y pieza de pl  stico perteneciente a la base de asiento para coches deber  a ubicarse e instalarse de manera que no puedan quedar atrapadas por un asiento m  vil o por la puerta del v  ehículo durante el uso diario del v  ehículo.**

**• ADVERTENCIA: La utilizaci  n de puntos de soporte de carga que no sean los descritos en las instrucciones reducir   considerablemente el factor de protecci  n de la base del asiento para coches.**

**• ADVERTENCIA: NO use la base del asiento de ni  os para coches en su hogar, ya que no ha sido dise  ado para ello y, por lo tanto, solo deber  a usarse en el interior de su coche.**

**• ADVERTENCIA: El asiento de ni  os para coches deber  a colocarse y fijarse siempre con la pata de apoyo en la parte delantera.**

**• El asiento de ni  os para coches ha sido dise  ado para poderse desabrochar con rapidez en un caso de emergencia. NO HA SIDO FABRICADA A PRUEBA DE NI  OS. Los ni  os m  s curiosos podr  an aprender a desabrochar la hebilla. Por ese motivo, ser   de suma importancia que explique a su hijo que jam  s deberájugar ni con la hebilla ni con ninguna otra pieza del asiento para coches.**

**• La hebilla del asiento de ni  os para coches ha sido dise  ada para poderse desabrochar con rapidez en un caso de emergencia. NO HA SIDO FABRICADA A PRUEBA DE NI  OS. Los ni  os m  s curiosos podr  an aprender a desabrochar la hebilla. Por ese motivo, ser   de suma importancia que explique a su hijo que jam  s deberájugar ni con la hebilla ni con ninguna otra pieza del asiento para coches.**

**• Asegure cualquier pieza de equipaje u otro tipo de bulto a fin de que no puedan causar lesiones al ocupante de la base y del asiento de ni  os para coches en caso de accidente.**

**• No coloque ning  n objeto, como una toalla o un coj  n, debajo de la base del asiento de ni  os para coches. Ello podr  a afectar al rendimiento de la base del asiento de ni  os para coches en caso de accidente.**

**• No coloque ning  n objeto en el espacio para pies de la parte delantera de la base del asiento de ni  os para coches Hold.**

**• Despu  s de un accidente, los cinturones de seguridad de su v  ehículo, la base del asiento de ni  os para coches y el mismo asiento de ni  os para coches deber  n reemplazarse. Aunque no hayan sufrido ning  n tipo de da  o aparente, es muy posible que no gocen del mismo nivel de protecci  n que antes pose  an.**

**• Si la base del asiento de ni  os para coches tuviese que quedar expuesta a la luz directa del sol durante un largo periodo de tiempo, c  ubrala ya que las superficies de la base del asiento de ni  os para coches pueden calentarse hasta alcanzar una temperatura extremadamente alta. Compruebe la superficie de la base del asient de ni  os para coches antes de colocar al ni  o en el asiento.**

**• Solo se garantizar  a la seguridad si el asiento de ni  os para coches ha sido instalado siguiendo estas instrucciones.**

**• No permita que los ni  os jueguen o ajusten la base del asiento de ni  os para coches.**

**• En caso de no cumplir con las instrucciones aqu   detalladas, la garant  a quedara anulada y Cosatto se eximir  a de cualquier responsabilidad.**

**• NOTA: La base del asiento de ni  os para coches puede marcar la tapicer  a del asiento del v  ehículo. Cosatto no se hace responsable de ning  n da  o o marca que pueda producirse en la tapicer  a del asiento del v  ehículo.**

**componentes estuviera da  ado, deje de utilizar el producto.**

**7 - instalaci  n del asiento de ni  os para coches a la base del asiento de ni  os para coches**

**ISOFIX del v  ehículo y facilitarle la instalaci  n. También pueden ayudarle a proteger el asiento de su v  ehículo.**

**Estre la pata de apoyo de debajo de la base del asiento de ni  os para coches (b) hacia fuera.**

### 3 - instalaci  n de la base del asiento de ni  os para coches - 1

**Coloque la base del asiento de ni  os para coches sobre el asiento del v  ehículo. Presione**

**los botones de ajuste (a) de cada lado de la base del asiento de ni  os para coches y haga deslizar**

**los brazos de conexión (b y c) hacia fuera, al m  ximo de su capacidad.**

#### limpieza

**Las piezas y partes de pl  stico y de metal deber  n limpiarse con una esponja suave, agua tibia y un detergente de dureza m  ima.**

**No llimpie nunca la unidad con limpiadores abrasivos, o basados en amoniac, lej  a o alcohol.**

**Empuje la secci  n posterior de los botones de ajuste (b) hacia los puntos de anclaje ISO FIX hasta que ambas varillas de fijaci  n est  n activadas.**

#### funcionamiento:

##### 1 - conocimientos b  asicos de la base del asiento de ni  os para coches

**1. Este es un SISTEMA DE SUJECCI  N ISO FIX PARA NI  OS. Ha sido aprobado seg  n la Normativa n  o 44, 04 con relaci  n a una serie de modificaciones para uso general en veh  culos que disponen de sistemas de anclaje ISO FIX.**

**2. Es adecuado para v  eh  culos con posiciones aprobadas como posiciones ISO FIX (tal y como se detalla en el manual de instrucciones del v  ehículo), dependiendo de la categor  a del asiento para ni  os y del accesorio.**

**Se recomienda comprobar que el sistema de retenci  n infantil sea compatible con el v  ehículo en el que se pretende usar en el momento de la compra.**

**Consulte la lista de v  eh  culos al dorso del manual de instrucciones, la aplicaci  n de comprobaci  n de ajuste de Cosatto (<http://cosat.to/fitchecker>) o la secci  n de lista de veh  iculos en el sitio web (<http://cosat.to/holdbasevl>).**

##### 2 - extracci  n del asiento de ni  os para coches de la base del asiento de ni  os para coches

**Haga deslizar la palanca de bloqueo secundaria (a) y la palanca para soltar el asiento de ni  os para coches (b) simult  neamente y, a continuaci  n, levante y extraiga el asiento de ni  os para coches de la base del asiento de ni  os para coches (c).**

##### 3 - instalaci  n de la base del asiento de ni  os para coches - 3

**Empuje la base del asiento de ni  os para coches hacia la parte posterior del asiento del v  ehículo, hasta que la base del asiento de ni  os para coches quede firmemente bloqueada contra la parte posterior del v  ehículo del asiento (a).**

**6. Palanca para soltar el asiento de ni  os para coches**

**7. Indicador de conexi  n del asiento de ni  os para coches**

**8. Pata de apoyo**

**9. Bot  n de ajuste de la pata de apoyo**

**10. Indicador de presi  n de la pata de apoyo**

**11. Barras de conexi  n de la carcasa**

**12. Gu  as ISO FIX**

##### 4 - instalaci  n de la base del asiento de ni  os para coches - 2

**Antes de comprar el v  ehículo, aseg  rese de que est  e equipado con los anclajes adecuados.**

**D  e SIEMPRE prioridad a los asientos traseros.**

**NO coloque el sistema de retenci  n infantil en el asiento de un v  eh  iculo con airbag incorporado, a menos que pueda desactivarse y est  e desactivado. Un sistema de AIRBAG activado puede causar la muerte o lesiones graves.**

**Localice los puntos de anclaje ISO FIX. Estos puntos suelen encontrarse entre la base y la secci  n posterior del asiento del v  ehículo. En caso de duda, por favor consulte el manual de instrucciones del v  ehículo.**

**Inserte las dos gu  as de pl  stico ISO FIX y eng  chelas a los puntos de anclaje ISO FIX del v  ehículo (a). Las gu  as de pl  stico pueden ayudarle a identificar los puntos de anclaje.**

**• Se recomienda comprobar que el sistema de retenci  n infantil sea compatible con el v  ehículo en el que se pretende usar en el momento de la compra.**

##### 5 - extensi  n de la pata de apoyo
